## Congratulations Stuart Rosen!

Your site has been selected for *Kahuna's Very Kool Website Award*. This is the "Silver" version of our Awards program, and demonstrates web building skill, interesting content and/or creative flair. These awards are *NOT* easy to win, so you should be proud of your accomplishment.

Thanks for your site submission, making the web a more interesting place to be,  
and enjoy your award!

**This page, with your award images will be removed from the server in seven (7) days. If you are unable to retrieve your award during that timeframe, please contact [evaluator@kahunaskreations.com](mailto:evaluator@kahunaskreations.com) so that we may send it to you via e-mail. Thanks!**

You may select your award by clicking the thumbnail image(s) below. In the new window with the larger image, copy the image(s) to your hard drive and upload to your server. Simply close the new window to return here. If you link directly to the image page, it will gone in seven days and you will have a broken link and no image. We do this to preserve our bandwidth. We appreciate your cooperation!

You may display one or both of the awards on your site. Please link the award image (s) to:

<http://www.kahunaskreations.com>

and we will display your award on our "Winner's Page" with a link to your site.

(The images below are thumbnails. Click the image to view a larger version to download.)
